

Important Dates

August 15: St. Mary's assumption

August 24: Last day of summer at ECC/ Lab School

Learning Corner:

- Traveling
- Safety
- Nest & Birds
- Space
- Zoo Animals

Summary of the learning experience in August:

"Let's Travel"

Luggage Check! Passport, Check! Seatbelts, Check! Our little ones are ready to go on a thrilling traveling journey through their holiday airplane!

"Stop, Drop, and Roll!"

Our little firefighters to be are going to learn fire safety basic through this amazing game! Then ☀️ are going to prepare the equipment they will be ready little firefighters.

"The Sun In A Bottle"

Let's engage in a small science experiment to check the flaming shades of the sun!

Note:

Professors, student teachers, and scholars come on regular basis to observe, implement, and collect data information for research purposes.

Home- School Partnership:

Set a date and come join your child along with their friends for a theme-related activity. Your involvement is vital for your child's learning experience.

You can be part of our adventure by giving your child a chance to bring something from home (suggested materials: pets – objects related to the theme – personal things).

Songs +Videos

- I Am A Fireman
- Airplane Song for Kids
- wheels on the plane
- Way Up in the Sky
- Zoom Zoom Zoom We're Going to The Moon
- Let's Go To The Zoo

Goodbye summer, Hello Fall

Tip of the Month:

Enjoy the weekend with your kids outdoors! Take your child to the zoo! Keep talking to your child about the animals you see since there will be many animals at the zoo.
